CHADWICK MANAGEMENT

Esther kicked off her career as one of Chadwick's leading models based out of Melbourne appearing in campaigns such as Oil of Olay, Victoria's Secret and Clairol.

While traveling between Tokyo, Osaka, Hong Kong, Korea and Europe, Esther starred on screen in Japan doing commercials & decided to set her sights on acting and TV presenting and moved back to Melbourne to pursue that aspect of her career. At the start of 2007, Esther landed a key presenter role with the local Nine Network Victorian travel show Postcards enjoying travel throughout Victoria presenting a varied list of stories from rock climbing to fashion.

Following a jam packed year in that role Esther landed a major ongoing role on Home and Away and quickly moved to Sydney and onto Summer Bay.

Esther brought huge popularity to her character "Charlie" who she described "as a strong-willed woman with lots of guts and who was never afraid to show who she is, which makes her genuine and likeable", much like Esther herself.

More recently she was honored to lend her name to the Royal Children's Good Friday appeal and was the 2010 ambassador for the Leukemia foundation "Worlds Great Shave" Esther also won Cosmo woman of the year in 2009 and was a popular contestant on Dancing with the Stars.
