Personalities

CHADWICK MANAGEMENT

Luke Van Dyck has been with Chadwick Modelling Agency since 2000 after being discovered on Sydney's Northern Beaches where he successfully ran his own building company.

Since having joined Chadwick, Luke has worked very successfully as a model throughout Australia, representing brands as recognizable as Coca Cola, Kodak and Stimorol.

In 2002 Luke secured a position on the Nine Network's high-rating *DIY Rescue* program and, from there, went on to appear on Nine's *Renovation Rescue*.

In 2004, Luke was nominated in the category of "Best New Talent" at the Australian Logies and his television career has since gone from strength to strength. Currently he has an on-going lifestyle program *Luke's Place* that airs on Foxtel, a 13 episode Nine Network series entitled *Do It* and, also on Nine, a televised tradesman challenge, *Jack Of All Trades*. All these roles he manages to fit in with his own business interests.

As a result of his ever increasing public profile, Luke is regularly asked to make guest appearances at trade shows and celebrity events. Chadwick has the greatest faith in Luke in such roles as the agency has found him to be highly professional and punctual with a very easy and affable personality.
